Sir:

INFORMATION DISCLOSURE STATEMENT UNDER 37 C.F.R. § 1.97(c)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(c), Applicants bring to the attention of the Examiner the documents on the attached listing. This Information Disclosure Statement is being filed after the events recited in Section 1.97(b) but, to the undersigned's knowledge, before the mailing date of either a Final action, Quayle action, or a Notice of Allowance. Under the provisions of 37 C.F.R. § 1.97(c), this Information Disclosure Statement includes a certification as specified by Section 1.97(e).

JP 63-195754 listed in the attached listing was first cited in a Notice of Reasons for Refusal ("Notice") from the Japanese Patent Office in a counterpart Japanese application, and this Information Disclosure Statement is being filed within three months of the mailing date of the Notice.

Copies of the listed foreign patent document and the Notice are attached.

To satisfy the requirement for a concise explanation of relevance, Applicants have provided an English language translation of the Notice which discusses the relevance of JP 63-195754.

The Notice also cites and discusses JP 2000-035885. However, since Applicants previously cited JP 2000-035885 in the Information Disclosure Statements filed in this application on March 18, 2002 and April 1, 2004, no copy of document JP 2000-035885 is attached hereto and it is not included in the attached listing.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement,
please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
